

Our grounds maintenance and cleaning contractors continue to carry out their work at our estates. They are carrying out all appropriate safety precautions in the current conditions. If the Government's instructions on working in communal areas change this may affect their ability to carry out this work.

Due to the travel restrictions Radcliffe staff are not able to monitor your estate in the normal way. If you have concerns about something on the estate please could you send a photo to enquiries@radcliffehs.org with a description so we can follow this up. This includes flytips, dumped cars, missed maintenance and so on. If you see something you consider dangerous please also call us so we can follow up quickly.

Your rubbish, including that from communal bin stores, is removed by your local council. If a collection is missed the most effective way to report it is directly to them. These are the links to the local authority websites for rubbish, recycling & missed collections:

Bromley Council

https://www.bromley.gov.uk/info/524/household_waste_and_recycling/73/household_waste_and_recycling_collections

Croydon Council

<https://new.croydon.gov.uk/rubbish-and-recycling/report-missed-collection>

Hastings Council

https://www.hastings.gov.uk/waste_recycling/householdwaste/reportmissed/

Lambeth Council
