

### Request for permission to keep a Pet

I would like permission to keep a dog at my home and if granted I agree to accept the conditions set out below:

- a. The dog does not cause nuisance or annoyance to neighbours and other residents for example barking or fouling the garden or any common areas near the property.
- b. The dog is kept on a lead and under proper control at all times when outside the property.
- c. Permission is granted for the keeping of one dog only and the breeding or keeping of other dogs at the property is not permitted.
- d. The dog will not be left unattended in the property or garden for long periods of time.
- e. Details of the dog must be given to your Housing Manager for our records. Please note that when your dog dies, new permission is needed if you want to replace it.
- f. The dog will be microchipped; from 6 April 2016 all dogs in England have to be microchipped by law and their details registered on an approved database such as Petlog.

I apply for permission to keep a dog and agree to abide by the above conditions. As the registered keeper I accept that I am responsible for the dog's welfare and will care for its needs. I understand that if the conditions are not kept permission may be withdrawn and the animal will have to be removed from the property.
